

Community Impact Bucks 1500th volunteer placed by Buckinghamshire Volunteer Matching Service

The Volunteer Matching Service, run by local charity [Community Impact Bucks](#) in partnership with Buckinghamshire Council, has now placed 1500 volunteers into essential roles across the county since its establishment two years ago.

Set up in Spring 2020 to support local communities during the pandemic, the Volunteer Matching Service now matches Bucks residents into non-pandemic volunteer roles across the county and currently has over 65 volunteer opportunities ready to be filled. To find out more about these roles and to register as a volunteer, visit [Volunteer Matching Service](#).
