

LACEY GREEN PARISH COUNCIL

BIN UPDATE 18th JULY

- Please note that the very hot weather forecast this week may have an impact on the crews making collections. Collections will start at 6am each day and crews will work until temperatures reach ~34°C (expected by 1pm).
- Any work not completed on the scheduled collection day will be rolled over to the following day. *A list of areas where work was not completed will be published [online](#) at the end of the day. Collections in these areas will be prioritised for the following morning and bins **should not** be reported as missed.*
- Residents have been asked to present bins by 6am each day this week.
- Buckinghamshire's Household Recycling Centres will remain open as usual. Provisions are in place to ensure the staff have extra water, frequent breaks, water sprays and parasols to protect them from the extreme hot weather. We will continue to monitor the situation closely and advise of any changes.
- Residents should be directed to check the online updates and [report missed bins online](#) if their bin has been missed and is not part of the incomplete roads listed on website (published at the end of the day).
